

# Boots 4 Abene

Donating with Olly Lane

## My Goal

I want to collect as many 100's of pairs of used or unwanted football boots as possible to send to the village of Abene in Senegal, Africa.

I am asking you to please help me reach this goal

## Why?

I heard about a friends charity lighting up lives that he set up to thank the African people of Senegal for their help of many years playing djembe drums for his work.

The village of Abene is poor and the children want to learn and be happy just like us but they have very little and many can not afford school and they play in bare feet or very bad flip flops. This must hurt as I know when I played football in Asia the kids there had to do the same.

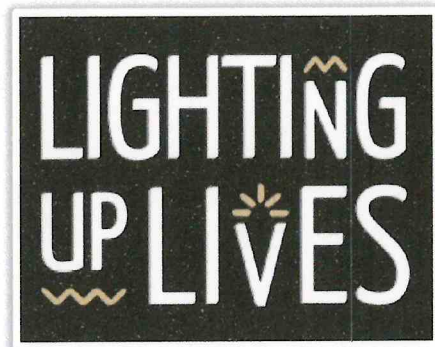

## What you can do to help?

Have a look to see if you have football boots or trainers that don't fit you, Please ask family, friends and teammates if they can donate too.

## How to donate.

Please take your unwanted football boots to Fulbrook school reception and there will be a box for you to leave the boots.

Or contact me at 07765 098161

Visit [www.lightinguplives.org](http://www.lightinguplives.org) to see more about about supporting the people in Abene.
